3.	Training Methods		<input checked="" type="checkbox"/>			
4.	Course Content		<input checked="" type="checkbox"/>	<input type="checkbox"/>		
5.	Assessment Methods		<input checked="" type="checkbox"/>			

#### Part 2

1. How was your overall experience during your internship period at EKbana?  
Firstly, I was very nervous about the new environment that I stepped into, but as I move forward, I coped up in and had amazing trainers, associates and colleagues. By the end I gained what I signed for , knowledge, experience and growth towards my professional career. Not to forget our HR's effort to make the experience fun and corporately effective.

2. What would be your suggestions to make the internship program at EKbana more effective and efficient?

The only thing I felt a bit is lacked during our internship program, is the interaction between our trainers and other team members. Because I believe more interactions means more ideas are generated and more effective methods would be generated.
